The Business Conduct Guidelines (BCGs) establish the position of the Pennsylvania Turnpike Commission (PTC) with respect to business conduct. The BCGs have been adapted to:

- endorse and promote the PTC's commitment to honest and ethical behavior, including fair dealings and the avoidance of conflicts of interest;
- ensure compliance with applicable laws, rules and regulations;
- protect the PTC's business interests; and
- deter criminal behavior.

USING THE BUSINESS CONDUCT GUIDELINES

The BCGs were established to provide general guidance for acceptable business conduct. PTC employees are expected to comply with all applicable policies, procedures and guidelines, some of which are referenced throughout the BCGs. As we all know, there are no single set of guidelines, policies or procedures that can provide guidance to address all circumstances. That is why we expect all PTC employees to abide by all applicable laws and policies when exercising their duties, responsibilities and daily activities. When in doubt, ask for help and guidance from senior management or the Compliance or Legal Departments. A violation of any BCG may result in disciplinary action up to and including termination.

To a substantial degree, the reputation of the PTC is determined by our actions and by the way each and every one of us presents and conducts himself/herself. Illegal or inappropriate behavior on the part of even a single employee can cause the PTC considerable damage. Every employee should be concerned with maintaining and promoting a positive public image of the PTC.

In addition, the PTC expects its vendors, suppliers, contractors and business partners to act in accordance with the BCGs and share the PTC's values and comply with all applicable laws.

SECTION 1: MANAGEMENT, RESPONSIBILITY AND SUPERVISION

The culture of integrity, ethical behavior and compliance in an organization starts at the top. All managers must fulfill their duties within the organization and be responsible for all employees assigned to them. All managers must earn respect by exemplary behavior, job performance and openness in all interactions with fellow employees and the public. This means, among other things, that each manager must emphasize the importance of ethical conduct and compliance, make them regular topics of everyday business and promote them through leadership and training. Each manager must also set clear and realistic goals and lead by example.

All managers shall be accessible in the event employees need to raise compliance concerns, ask questions or discuss a work-related issue. However, these duties of managers do not relieve employees of their own responsibilities. We must all work together to comply with applicable laws and PTC's Code of Conduct, policies, procedures and guidelines. Specific manager responsibilities are listed here to demonstrate to PTC employees the leadership and support they should expect from their superiors.

It is the obligation of all managers to be aware of any possible violations of laws within their area of responsibility and when necessary to provide proper supervision to prevent any potential violations of the law. They remain responsible, even if they delegate certain duties.

In particular, the following duties apply to all PTC managers:

- The manager must give precise and complete instructions to employees, especially with regard to compliance with the law.
- The manager must ensure that compliance with the law is diligently monitored.
- The manager must clearly communicate to employees the importance of integrity and compliance in everyday business. He/she must also communicate to employees that violations of the law are unacceptable and may have employment and legal consequences.

SECTION 2: ADHERENCE TO THE LAW

Observing the law is a fundamental principle for all PTC employees. All PTC employees must obey at all times, all local, state and federal laws, regulations and all applicable policies and procedures. Violations of the law must be avoided under all circumstances. Regardless of the sanctions that could be imposed by law, all PTC employees who have violated the law will be subject to disciplinary actions. Because of the violation, they will be subject to discipline up to and including termination.

Employees who have questions regarding a proposed course of action or an action already taken should discuss the matter with their manager/supervisor. The manager should consult with the Chief Compliance Officer who, in turn, shall consult the PTC Legal Department (or approved external counsel) as required. In the event an employee has reason to believe that his/her manager is the individual engaging in this activity they shall take their concern to the Chief Compliance Officer (or Chief Counsel if they believe the violation involves the Compliance Office).

Employees are expected to act with honesty and integrity. PTC employees should promptly report unethical behavior or practices to the appropriate manager, the PTC's Tip Line (1-888-317-3110) or the Chief Compliance Officer.

Employees must also abide by and comply with the following: the PTC's Code of Conduct (Policy Letter 3.10), the Public Official and Employee Ethics Act (65 Pa. C.S. § 1101 et seq.), the PTC's Standards of Conduct (74 Pa. C.S. § 8201 et seq.), the Adverse Interest Act (71 P.S. § 776.1 et seq.) and various Federal and State criminal statutes. (These documents can be found on the PTC Intranet in the main document library).

SECTION 3: RESPECT AND DIGNITY IN THE WORKPLACE

The PTC is committed to ensuring that all employees, vendors, business partners, suppliers, contractors, customers and the general public are treated with respect and dignity. The PTC will not tolerate harassment and/or discriminatory acts or practices by any of its employees. **(See the PTC's American with Disabilities Act Policy Letter 2.01, Sexual Harassment and Sexual Discrimination Policy Letter 3.03 and Workplace Violence Policy Letter 3.07)**

SECTION 4: ETHICAL BUSINESS PRACTICES

The PTC does not seek to engage in illegal or unethical business practices or behavior. Each employee should deal fairly and ethically with the PTC's customers, vendors, suppliers, contractors, business partners and employees.

SECTION 5: WORKING WITH OUTSIDE ENTITIES

The PTC expects its vendors, suppliers, contractors and business partners to share its values and comply with all applicable laws. Furthermore, the PTC expects its vendors, suppliers, contractors and business partners to act in accordance with the following principles:

- comply with all applicable laws, including but not limited to health and safety of their employees and environmental laws;
- prohibit corruption;
- respect employees;
- ensure compliance with the BCGs; and
- strictly adhere to the policies, procedures and established protocols regarding all procurement matters.

SECTION 6: CONTRACT AND COMMITMENT GUIDELINES

Employees must ensure that all contracts including Purchase Orders, Change Orders, Supplements and Amendments have proper authorizations and documentation. All contract requirements associated with a contract must be in alignment with the BCGs and reviewed, acknowledged and signed by the contracting parties.

SECTION 7: CONFIDENTIALITY

Confidentiality must be maintained at all times. Therefore, unless specifically designated as public information by the PTC, any confidential or proprietary materials, documents and information of the PTC that an employee, vendor, supplier, contractor or

business partner obtains as a result of his/her employment or contractual relationship with the PTC shall be treated as confidential information. PTC employees, vendors, suppliers, contractors and business partners are prohibited from releasing or disclosing any such information to anyone who is not a PTC employee or authorized individual to receive such information. Questions regarding the release or disclosure of PTC information should be directed to the PTC's Chief Compliance Officer or Legal Department.

CONFIDENTIAL
TOP SECRET
CLASSIFIED

Violations of this Section may result in discipline of PTC employees up to and including termination and/or termination of contractual relationship with the vendor, supplier, contractor or business partner and other possible legal remedies.

SECTION 8: PROTECTION AND PROPER USE OF PTC ASSETS

To ensure the protection of PTC assets, it is the duty of PTC employees, vendors, suppliers, contractors and business partners to promptly report to the Chief Compliance Officer or to the PTC's Tip Line (1-888-317-3110) known or suspected acts of fraud, waste or abuse by PTC employees, vendors, suppliers, contractors and business partners.

8.01 – COMPUTER ACCESS AND USE OF ELECTRONIC MEDIA

Every effort must be made to ensure the confidentiality, integrity and availability of PTC information assets. All electronic communications are the sole property of the PTC. The PTC workforce should be aware that users have no expectation of privacy when using PTC information systems. The PTC reserves the right at any time to examine email, computer records personal file directories and other information store do nor transmitted over PTC network to ensure compliance with internal policies, to support the performance of internal or external investigations and to assist with the management of information systems.

The use of PTC information systems to operate a personal business, for personal gain in any form, or for other inappropriate use is prohibited. Language and conduct during conversations, instant messaging and email exchanges does reflect on the PTC. As such, a professional manner must be maintained at all times.

Use of the PTC's computer network assets to download, communicate or exchange materials that conflict with the PTC's policies is prohibited. **(See PTC Policies 8.01, 8.05 and 8.07).** All PTC employees must sign an Electronic Communications Acceptable Use Policy acknowledging they have read and understand the IT policies and procedures.

SECTION 9: EMPLOYMENT PRACTICES

The PTC is committed to ensuring that equal opportunity exists for all employees in all aspects of employment. **(See Equal Employment Opportunity Policy Letter 2.02.)**

SECTION 10: HEALTH AND SAFETY

All employees are responsible for performing their duties in a safe manner and for keeping themselves updated on all PTC health and safety policies, procedures and directives. **(See Turnpike Safety Responsibility Policy Letter 5.04, Employee Safety Program Policy Letter 5.05 and the Employee Safety Orientation Manual found on the PTC Intranet Traffic and Engineering and Operations Department library.)**

SECTION 11: ALCOHOL AND DRUGS

In order to provide the safest possible environment for our employees, visitors and the public, the PTC makes every effort to promote and maintain a drug and alcohol free workplace. All prospective employees must pass a pre-employment drug test, and all employees are subject to reasonable suspicion drug and alcohol testing on observation and documentation.

Using alcohol or any other controlled substance while on duty or on PTC property, except for medication(s) prescribed for the employee by a medical professional, is strictly prohibited and will result in the employee's termination. Possession of alcohol or any other controlled substance while on duty or on PTC property, except for medication(s) prescribed for the employee by a medical professional, is, without the express written permission of the employee's supervisor, prohibited and will result in the employee's termination.

Any employee who is arrested or charged with violating any law prohibiting the manufacture, distribution, or use of alcohol or any other controlled substance must notify their supervisor at their first opportunity, and in all circumstances, within five days of the date of being arrested or of charges being filed.

Supervisors must be sensitive to changes in an employee's behavior. If a supervisor observes an unexplained pattern of declining job performance or any other change in an employee's demeanor and suspects alcohol or substance abuse, they should not try to diagnose or counsel the employee. The supervisor should meet privately with the employee and encourage the employee to seek counseling if they have a problem. Employees with a substance abuse or alcohol-related problem are encouraged to seek treatment. Employees should discuss the matter with their supervisor. If an employee feels uncomfortable about discussing the matter with their supervisor, they should contact someone in their chain of command or contact TEAP at 800-571-3221 or visit the PTC Intranet for more information. Employees will not be disciplined for admitting to a problem and enrolling in and successfully completing an approved rehabilitation program. **(See Substance Abuse Policy Letter 3.05.)**

SECTION 12: WORK PERFORMANCE

All employees should be aware of what is expected of them. A detailed listing of duties for each job can be found in the employee's job description. Supervisors should work closely with employees to ensure that employees understand all aspects of their job. Whenever an employee has questions or concerns about their responsibilities, they should talk to their supervisor. Mutual confidence, honesty and understanding between the employee and supervisor will enhance the employee's ability to grow in the job and succeed at the PTC.

All employees who are not members of a Collective Bargaining Unit will receive a performance evaluation approximately six months after they begin working for the PTC and annually thereafter. Supervisors should expect to give, and employees should expect to receive, constructive feedback throughout the year, not just at their annual evaluation. No issue the supervisor raises at the annual evaluation should come as a surprise to the employee.

SECTION 13: AVOIDING CONFLICTS OF INTEREST

A "conflict of interest" occurs when an employee uses the authority of his/her office or employment or any confidential information received through his/her position or employment for the personal benefit of himself/herself, the employee's immediate family or a business with which the employee or the employee's immediate family is associated. Employees are prohibited from engaging in conduct that constitutes an actual or perceived conflict of interest.

Employees shall refrain from any financial or business dealings that would affect his/her objectivity, impartiality or independence of judgment.

Employees shall not influence or attempt to influence the making of or supervise or in any manner deal with any contract in which he/she has an adverse interest or have an adverse interest in any contract with the PTC.

Employees are not allowed to solicit or accept anything of monetary value, including but not limited to gifts, loans, rewards or a promise of future employment for themselves or any member of their immediate family based on any action they may take or not take by reason of their position or employment with the PTC.

Employees are prohibited from accepting any discount, gift, gratuity, compensation, travel, lodging, hospitality or other thing of value, in accordance with Governor Wolf's ban on the acceptance of gifts. Please refer to the **PTC's Code of Conduct Policy 3.10**.

Violations of these rules shall result in appropriate disciplinary action up to and including termination. In addition, depending on the specific facts, an employee may face criminal and civil penalties, including fines and imprisonment.

Known or suspected violations of the PTC Code of Conduct must be reported to the PTC's Chief Compliance Officer (or Chief Counsel if it is believed the violation involves the Compliance Office).

If it comes to the attention of an employee that such payments were sought or made, this should be immediately reported to employee's supervisor and to the PTC's Tip Line (1-888-317-3110) or the Chief Compliance Officer.

SECTION 14: ANTI-CORRUPTION: DEMANDING AND ACCEPTING ADVANTAGES

PTC employees are not permitted to use their jobs to solicit, demand, accept, obtain or be promised advantages. As per Governor Wolf's ban on the acceptance of gifts and the PTC's guidelines as noted in Section 13 "Avoiding Conflicts of Interest." And **PTC's Code of Conduct Policy 3.10**.

It is illegal and not permitted for public officials, at any level of government, to obtain money, property, entertainment, hospitality, gifts or favors from the PTC by the wrongful use of their official position or as a condition to perform certain duties they are normally obligated to perform. If it comes to the attention of an employee that such payments were sought or made, this should be immediately reported to the employee's supervisor and to the PTC's Tip Line (1-888-317-3110) or the Chief Compliance Officer. It is the PTC's objective to conduct business with reputable consultants and business partners who are involved in lawful business activities. (See also the **PTC's Code of Conduct Policy Letter 3.10**.)

THERE IS
NO RIGHT WAY
TO DO
A WRONG THING.

SECTION 15: PROPER MAINTENANCE OF RECORDS AND FINANCIAL INTEGRITY

Open and effective communication requires accurate and truthful reporting. This applies equally to relationships with employees, customers, vendors, suppliers, contractors and business partners, as well as with the public and all governmental offices. The PTC is also required to maintain sound processes and controls so that transactions are executed according to PTC's policies and directives. The PTC must also prevent and detect unauthorized use of PTC's assets.

All PTC employees are required to make sure that the PTC's books and records they create or are otherwise responsible for are complete, accurate, honestly reflect each transaction or expenditure, and are timely and in accordance with applicable rules and standards.

All transactions of the PTC must be properly recorded and accounted for. This is essential to the integrity of the PTC's governance and financial-reporting obligations. All PTC employees are responsible for ensuring that false, inaccurate or misleading information is not made in the PTC's records and that fair, accurate, timely and understandable disclosure is made in all public communications.

In preparing and maintaining PTC books and records, employees should:

- adhere to all applicable accepted standards, practices, rules, regulations and controls;
- ensure the accurate and timely recording of costs, tolls, shipments, time sheets, vouchers, bills, payroll and benefit records, regulatory data, expense reports and other financial transactions are in the proper accounts;
- record all funds, assets and transactions and not establish any undisclosed or unrecorded fund or assets for any purpose;
- keep and retain books and records which reflect fairly, accurately and thoroughly detail the PTC's transactions, acquisition and disposal of assets and other relevant activities (**see Records Management Policy Letter 8.06**);
- sign only those documents that are accurate and truthful; and
- restrict access to sensitive or confidential information (such as financial records, materials that are protected by the attorney-client privilege and work product doctrine, E-ZPass account holder information and other customer information) to ensure the information is not accidentally or intentionally disclosed, modified, misused or destroyed, other than in accordance with the law and PTC's document retention policies.

APPENDIX

PA Turnpike Commission Policy & Procedure

	PA TURNPIKE COMMISSION POLICY <i>This is a statement of official Pennsylvania Turnpike Policy</i>		NUMBER: 2.01 APPROVAL DATE: 08-14-2012 EFFECTIVE DATE: 08-29-2012 REVISED DATE: 08-21-2013
	POLICY SUBJECT: Americans with Disabilities Amendments Act	RESPONSIBLE DEPARTMENT: Office of Diversity and Inclusion	

A. PURPOSE:

Title 1 of the Americans with Disabilities Act of 1990 (ADA), as amended by the Americans with Disabilities Act Amendment Act (ADAAA), makes it illegal to discriminate against a qualified person with a disability. Employers are required to reasonably accommodate the known physical or mental limitations of an otherwise qualified individual with a disability who is an applicant or employee, unless otherwise doing so would impose an undue hardship on the operation of the employer’s business. It is also unlawful to retaliate against an individual for opposing employment practices that discriminate based on disability.

In accordance with Title I, this policy is issued to reaffirm the policy and procedure(s) of the Pennsylvania Turnpike Commission (also referred to as the “Commission”) on the issue of the ADAAA and to inform all personnel of their duties and responsibilities with regard to this subject.

B. SCOPE:

This policy letter applies to all job applicants and all employees of the Commission, at every level. It provides information and guidelines relating to the Commission’s policy on ADAAA requests for reasonable accommodation and procedures for reporting and handling complaints of violations of the policy.

C. GENERAL POLICY:

The ADAAA prohibits discrimination in all aspects of employment against a qualified individual with a disability who can perform the essential functions of the job, with or without reasonable accommodation. The ADAAA also prohibits employers from retaliating against an applicant or employee for asserting his/her rights under the ADAAA.

Discrimination based upon disability is prohibited by both state and federal law and is also prohibited by the Pennsylvania Turnpike Commission’s Equal Opportunity Policy. The Commission will make every practical effort to provide reasonable accommodation whenever

necessary for all employees or applicants with disabilities, provided that the individual is otherwise qualified to safely perform the essential functions of the job and provided that any accommodation made does not present an undue hardship to the Commission. Generally, it is the obligation of the employee or applicant with a disability to request a reasonable accommodation or to indicate that s/he has a disability that is preventing him or her from accomplishing the essential functions of the job. Upon request, the Office of Diversity and Inclusion will work with the employee or job applicant to identify: (1) whether the employee/job applicant is a qualified individual with a disability and (2) whether a reasonable accommodation may be available to assist the employee/job applicant to perform the essential functions of the job.

The Commission's policy of nondiscrimination applies to all personnel and employment practices including:

1. Hiring, recruitment or recruitment advertising
2. Training
3. Promotion or transfer
4. Compensation
5. Layoff or termination
6. Disciplinary action
7. Evaluations
8. Medical exams
9. Leave
10. Benefits
11. Relationship or association with a disabled person

It is also a violation of Commission policy for any employee to subject customers or visitors to Commission facilities to discrimination based upon disability.

D. DEFINITIONS:

1. A "qualified individual with a disability" refers to an individual with a disability who, with or without reasonable accommodation, can perform the essential functions of the employment position that such individual holds or desires.
2. The terms "essential functions" refers to the fundamental job duties of the employment position that the individual with a disability holds or desires. This term does not include marginal functions of the position.
3. The term "disability" refers to a physical or mental impairment that substantially limits one or more major life activities of an individual, a record of such impairment, or being regarded as having such an impairment. Individuals covered only under the "regarded as" prong are not entitled to reasonable accommodation if no actual disability exists.

4. The determination of whether a person has an ADA disability will not take into consideration whether the person is substantially limited in a major life activity when using a mitigating measure other than “ordinary eyeglasses or contact lenses”.

5. Major life activities may include, but are not limited to, such functions as caring for oneself, performing manual tasks, walking, seeing, hearing, eating, sleeping, speaking, breathing, learning, reading, bending, communicating, thinking, sitting, reaching, interacting with others, and major bodily functions such as functions of the immune system, normal cell growth, digestive, bowel, bladder, neurological, brain, respiratory, circulatory, endocrine, hemic, lymphatic, musculoskeletal, special sense organs and skin, genitourinary, cardiovascular systems, and reproductive functions.

6. The term “substantially limits” refers to an impairment that prohibits or significantly restricts an individual’s ability to perform a major life activity as compared to the ability of the average person in the general population to perform the same activity. An impairment that is episodic or in remission is a disability if it would substantially limit a major life activity when active.

7. “Undue hardship” refers to an action requiring significant difficulty or expense, when considered in the light of factors set forth by the ADA.

E. PROCEDURES:

1. Any employee, including but not limited to a manager, supervisor, or chief/director, who acts in violation of this policy shall be subject to discipline up to and including suspension or termination.

2. Supervisory personnel have the responsibility to insure that this policy is adhered to and shall take whatever action is necessary to insure that none of their subordinates engage in prohibited behavior.

3. Any employee who feels that he or she has been harassed or discriminated against based on his or her disability is encouraged to keep a record of the employee(s) involved; the time, date and place of the incident(s); the nature of the alleged harassment or discrimination; and the identity of any witness(es).

4. Any employee who feels that he or she has been harassed or discriminated against based on disability, including but not limited to the conduct detailed in this policy, should immediately bring the problem to the attention of his or her immediate supervisor. An employee may also report the problem directly to the Office of Diversity and Inclusion.

5. Supervisory personnel will take all steps necessary to insure that all alleged harassing or discriminatory behavior is addressed in a timely and confidential manner when such behavior is brought to their attention, either officially or unofficially.

6. All complaints will be investigated in a timely and confidential manner. In no event will information concerning a complaint be released to a third party (except as required by the

Pennsylvania Human Relations Commission, Equal Employment Opportunity Commission or as otherwise required by law) with the following exceptions:

- i. Appropriate supervisors and managers may be informed regarding restrictions on the work or duties of disabled employees and any accommodations that have been made.
- ii. If the condition requires emergency treatment, first aid and safety personnel may be informed.

The Commission will use its best efforts to prevent discussion of the information outside the investigation and will instruct parties involved in the investigation not to discuss the matter except when necessary.

7. Investigation of a complaint will normally include conferring with the parties involved and any named or apparent witness(es). Employees shall be guaranteed a fair and impartial investigation. All employees shall be protected from coercion, intimidation, retaliation, interference or discrimination for filing a complaint or assisting in an investigation.

8. If the investigation results in sufficient evidence to substantiate a complaint, the Commission will address the policy violation in a timely manner and will take appropriate disciplinary action necessary to prevent a recurrence, up to and including suspension or termination.

9. If the employee who complains of harassment or discrimination is not satisfied with the response from his or her immediate supervisor, or if that supervisor is perceived to be involved in the harassing or discriminatory behavior, the employee should bring the matter to the attention of the person who is next in line in the chain of command or to the Office of Diversity and Inclusion which will promptly investigate all complaints as set forth above.

Complaints may be filed with the Office of Diversity and Inclusion:

PA TURNPIKE COMMISSION POLICY

This is a statement of official Pennsylvania Turnpike Policy

NUMBER: 3.03

APPROVAL DATE: 08-14-2012

EFFECTIVE DATE: 08-29-2012

REVISED DATE: 08-21-2013

POLICY SUBJECT:

Sexual Harassment and
Sexual Discrimination

RESPONSIBLE DEPARTMENT:

Office of Diversity and Inclusion

A. PURPOSE:

Title VII of the Civil Rights Act of 1964 and Executive Order 2002-4, Prohibition of Sexual Harassment in the Commonwealth, dated May 3, 2002, prohibit sexual harassment and sex discrimination. It is also unlawful to retaliate against an individual for opposing employment practices that discriminate based on sex.

In accordance with Title VII, this policy is issued to reaffirm the policy and procedure(s) of the Pennsylvania Turnpike Commission on the issues of sexual harassment and sexual discrimination and to inform all personnel of their duties and responsibilities with regard to this subject.

B. SCOPE:

This policy letter applies to all employees of the Pennsylvania Turnpike Commission, at every level. It provides information and guidelines relating to the Commission's policy against sexual harassment and discrimination and procedures for reporting and handling complaints of violations of the policy.

C. GENERAL POLICY:

It is the policy of the Pennsylvania Turnpike Commission ("Commission") to provide an environment which is free of sexual harassment and discrimination. Sexual harassment and discrimination are prohibited by state and federal law as well as by the Commission's Equal Opportunity Policy. Sexual harassment or discrimination by any employee or non-employee, including any employee of a vendor or contractor, will not be tolerated. The Commission is committed to the proposition that its employees and others working at or visiting its facilities are entitled to be treated in a respectful, dignified and non-offensive manner.

It is a violation of Commission policy for any employee to sexually harass or discriminate against another employee, including an employee of the same sex, by:

1. engaging in sexually based verbal, non-verbal or physical conduct of an unwelcome or offensive nature; or

2. making unwelcome sexual advances or requests for sexual favors or other verbal, non-verbal or physical conduct of a sexual nature a condition (explicit or implicit) of an individual's employment;
3. making submission to or rejection of such conduct the basis for employment decisions affecting the individual; or
4. creating an intimidating, hostile or offensive working environment by such conduct; or
5. engaging in such conduct with the purpose or effect of unreasonably interfering with an individual's work performance; or
6. treating a person or class of persons unequally based on gender; or
7. denying employment opportunities or benefits to an individual because another individual has submitted to sexual advances or requests for sexual favors and has received employment opportunities and benefits in return (often referred to as third party sexual harassment).

It is also a violation of Commission policy for any employee to subject customers of or visitors to Commission facilities to sexual harassment or discrimination of any nature.

This policy is gender-neutral. That is, the policy refers to unwanted attention from: male employees to female employees, female employees to male employees, and same gender sexual harassment or discrimination.

D. DEFINITIONS:

1. The term **sexual harassment** does not refer to behavior or occasional compliments of socially acceptable nature. Rather, it refers to behavior that is not welcome, that is personally offensive, that fails to respect the rights of others and that interferes with respectful interaction in the workplace. The terms sexual harassment and discrimination are used interchangeably for purposes of this policy.
2. The term **discrimination** as used in this policy refers only to sexual discrimination, not to any other form of discrimination such as race, age, national origin, etc.
3. The term **verbal harassment** or conduct includes, but is not limited to, sexual innuendoes, suggestive comments, jokes of a sexual nature, sexual propositions or threats.
4. The term **non-verbal harassment** or conduct includes, but is not limited to, sexually suggestive pictures or objects; graphic commentaries, written material or electronic communication; suggestive or insulting sounds; leering, whistling or obscene gestures.

5. The term **physical harassment** or conduct includes, but is not limited to, unwelcome touching, pinching, brushing the body, coerced sexual acts or assault.

E. PROCEDURES:

1. Any employee, including but not limited to a manager, supervisor, department head or director, who acts in violation of this policy shall be subject to discipline up to and including suspension or termination.
2. Supervisory personnel have the responsibility to insure that this policy is adhered to and shall take whatever action is necessary to insure that none of their subordinates engage in sexually harassing or discriminatory behavior.
3. Any employee who feels that he or she has been sexually harassed or discriminated against is encouraged to keep a record of the employee(s) involved; the time, date and place of the incident(s); the nature of the alleged harassment or discrimination; and the identity of any witness(es).
4. Any employee who feels that he or she has been sexually harassed or discriminated against, including but not limited to the conduct detailed in this policy, should immediately bring the problem to the attention of his or her immediate supervisor. An employee may also report the problem directly to the Office of Diversity and Inclusion.
5. Supervisory personnel will take all steps necessary to immediately address any alleged sexually harassing or discriminatory behavior by any of their subordinates when such behavior is brought to their attention, either officially or unofficially.
6. All complaints will be investigated in a timely and confidential manner. In no event will information concerning a complaint be released to a third party (except as required by the Pennsylvania Human Relations Commission, Equal Employment Opportunity Commission or as otherwise required by law). The Commission will use its best efforts to prevent discussion of the information outside the investigation and will instruct parties involved in the investigation not to discuss the matter.
7. Investigation of a complaint will normally include conferring with the parties involved and any named or apparent witness(es). Employees shall be guaranteed a fair and impartial investigation. All employees shall be protected from coercion, intimidation, retaliation, interference or discrimination for filing a complaint or assisting in an investigation.
8. If the investigation reveals that the complaint is valid, the Commission will timely address the policy violation and take appropriate disciplinary action necessary to prevent a recurrence, up to and including suspension or termination.
9. If the employee who complains of sexual harassment or discrimination is not satisfied with the response from his or her immediate supervisor, or if that supervisor is perceived to be involved in the sexually harassing or discriminatory behavior, the employee should bring the matter to the attention of the person who is next in line in the chain of command or to the Office of Diversity and Inclusion which will promptly investigate the complaint as set forth above.

 PA TURNPIKE COMMISSION POLICY <i>This is a statement of official Pennsylvania Turnpike Policy</i>		NUMBER: 3.05 APPROVAL DATE: 00-00-0000 EFFECTIVE DATE: 10-03-1989 REVISED DATE: 00-00-0000
POLICY SUBJECT: Substance Abuse	RESPONSIBLE DEPARTMENT: Human Resources	

A. PURPOSE:

The Pennsylvania Turnpike Commission is concerned with the well being and safety of its employees and the traveling public and will continue to promote a safe work environment.

Illegal or inappropriate use of alcohol and other controlled drugs affect the efficiency and effectiveness of the operation.

The Pennsylvania Turnpike Commission will make every effort to promote and maintain a drug free work place.

B. SCOPE:

C. GENERAL POLICY:

The unlawful manufacturing, dispensing, possessing or use of alcohol or any other controlled drug while on duty or on the premises of the Pennsylvania Turnpike Commission is prohibited. Employees violating any of these provisions subject themselves to appropriate discipline up to and including discharge.

D. DEFINITIONS:

E. PROCEDURES:

Employee Responsibility

Employees who have a substance abuse or alcohol related problem are strongly encouraged to seek help. Such employee should discuss the problem with their supervisor or someone in the chain of command. If any additional conversation or information is necessary, the Director of Human Resources will be available to discuss this matter. Employees should not delay treatment, especially when performance problems exist.

Any employee arrested and/or convicted of violating any statute governing the unlawful manufacturing, distributing, dispensing, possessing or use of alcohol or other controlled drugs shall notify their supervisor within five (5) days.

Supervisor's Role

Normally a pattern of declining job performance occurs over a period of weeks or months. The supervisor is usually the person to detect change in an employee's behavior or job performance. It is the supervisor's responsibility to take normal corrective actions. If substance abuse is suspected, the supervisor should not diagnose or counsel but should encourage the employee to seek counseling if he/she has a problem.

Rehabilitation Program

Employees who enroll in an approved rehabilitation program must satisfactorily complete the program before any consideration for continued employment will be given.

Discipline

Employees who violate work rules will be disciplined accordingly. Employees will not be disciplined for admitting to a problem and enrolling in an approved program.

Nothing in this policy prevents the employer from taking proper discipline for just cause.

This Policy Letter supersedes all previous Policy Letters on this subject.

 PA TURNPIKE COMMISSION POLICY <i>This is a statement of official Pennsylvania Turnpike Policy</i>		NUMBER: 3.07
		APPROVAL DATE: 07-23-2002
POLICY SUBJECT: Workplace Violence	RESPONSIBLE DEPARTMENT: Human Resources	EFFECTIVE DATE: 08-07-2002
		REVISED DATE: 08-15-2017

A. PURPOSE:

This policy letter establishes the Pennsylvania Turnpike Commission’s (Commission) commitment to provide a safe and secure work environment free from threats, harassment, violence and other potentially harmful acts.

B. SCOPE:

This policy prohibits workplace violence by any person involved in Commission operations.

C. GENERAL POLICY:

The Commission has zero tolerance for workplace violence. Workplace violence by any Commission Employee or Representative doing business with the Commission will not be tolerated. Each Commission Employee and Representative will be held accountable for complying with this policy and reporting any suspicious activity or workplace violence, whether they were directly involved or not.

Workplace violence includes, but is not limited to, the following:

Verbal, physical or terroristic threats; or acts of violence against people or property occurring on Commission premises or off Commission premises if a Commission Employee or Representative engaging in Commission related business at the time of the incident; and

Threats or acts of violence, bodily harm, or physical, written or verbal intimidation or coercion by Commission Employees or Representatives or by third-parties acting at the behest of the Commission Employee or Representative, which may either bring about harm, or which create an intimidating, hostile or offensive working environment.

Except for Pennsylvania State Police (PSP) and/or Capitol Police (CP), armored courier services and non-Commission employee law enforcement officers, it is a violation of this policy to carry a weapon, firearm or other instrument of force, of any kind while inside a Commission facility, building or leased space, on Commission property, inside a Commission-owned or Commission leased or rented vehicle, or while conducting Commission business, on or offsite. Regardless of any legally-issued Concealed Weapons or License to Carry Firearms Permit, it is strictly prohibited for a Commission Employee or Representative to

carry a firearm or concealed weapon as set forth above and will subject an Employee to discipline, up to and including termination and a Commission Representative to termination of the business contract or removal from all Commission assignments.

Commission Assessment Team:

In most cases, Workplace Violence situations will be handled and investigated by PSP and/or CP; however, the Commission Assessment Team along with any necessary members of the Commission's Crisis and Emergency Risk Communications (CERC) Team will hold a vital role in assisting with the investigation. The Commission Assessment Team's key roles will be to provide guidance, coordination services and after-action review when faced with a workplace violence situation. The Commission's team consists of the following members:

- Chief Executive Officer
- Chief Operating Officer
- Chief Compliance Officer
- Chief Counsel
- Director of Human Resources
- Director of Traffic Engineering and Operations
- Director of Public Relations and Marketing

D. DEFINITIONS:

Commission Representatives – Consultants, contractors, business partners and anyone else working under contract with the Commission.

Crisis and Emergency Risk Communications Team (CERC) – This team is responsible for the immediate and standardized notification, reporting and appropriate handling of serious injuries and incidents that may occur on Commission property or during the conducting of official Commission business.

Employees - Any individual employed by the Commission in a full-time, part-time, supplemental, intern, or seasonal capacity, or temporary staff member who is assigned to provide services to the Commission pursuant to a temporary staffing vendor agreement. This definition does not include employees of the PSP or CP.

Protection from Abuse Order (PFA) – The PFA is a legal document that prohibits the abuser from contacting the victim(s) or being in close proximity to the victim(s).

Terroristic Threat – Communications, either directly or indirectly, of a threat to:

- 1) commit any crime of violence with intent to terrorize another;
- 2) cause evacuation of a building, place of assembly or facility of public transportation; or
- 3) otherwise cause serious public inconvenience, or cause terror or serious public inconvenience with reckless disregard of the risk of causing such terror or inconvenience.

Threats or Acts of Violence - Conduct that creates a hostile, abusive, or intimidating work environment for any Commission Employee or Representative such as, but not limited to, physical confrontations,

abusive language, threatening gestures or remarks, possession of weapons, or any other actions intended to intimidate, harm or retaliate against coworkers, supervisors or the public.

Turnpike Employee Assistance Program (TEAP): A program designed to assist Commission employees and their families with alcohol, drug, emotional, family, financial, marital or personal problems.

Violence - Behavior that results in physical harm to an individual or property, emotional harm to an individual or the threat of such harm to an individual or property.

Warning Signs - An observable behavior which may indicate that an individual may be a higher risk for committing an act of workplace violence. Warning signs may include, but are not limited to, overreacting, offensive or profane language, rapid speech, continual blame or excuses, being overly defensive when criticized or repeated unusual movements such as pounding, banging or slamming one's fist.

Weapon, Firearm or Other Instrument of Force - Examples include, but are not limited to, handguns, rifles, shotguns, razors, clubs, explosives, bow and arrows, tasers, stun-type instruments, etc.

Workplace - Any Commission owned or leased property, location where Commission business is conducted, or site where a Commission Employee or Representative is on-duty. Commission vehicles or private vehicles being utilized for Commission business are included in this definition. Additionally, workplace violence can occur at any location if the violence has resulted from an act or decision made while conducting Commission business.

The critical element in determining if an occurrence is workplace violence is the relationship of the violence to an action taken in the performance of a Commission Employee's or Representative's job assignment. While there is no question that a physical or verbal altercation between two individuals at the worksite during business hours meets the definition of workplace violence, the definition encompasses more. Workplace violence may also occur after normal work hours and away from the worksite.

Zero Tolerance - All reported incidents of workplace violence will be investigated. Appropriate action(s) up to and including termination of employment or termination of business contracts and possible legal action, may be taken for such incidents of workplace violence.

Specific examples of conduct which may be considered an act of violence include, but are not limited to:

1. Hitting, shoving, fighting and stalking;
2. Physically touching another Employee in an intimidating, malicious, or harassing manner;
3. Intentionally destroying or sabotaging Commission equipment or property, or committing, attempting to commit, or threatening to commit acts of destruction (e.g. arson; bomb threats);
4. Making verbal threats of bodily harm towards an individual, his/her family, friends and associates or property;

5. Making physical gestures that may be reasonably perceived as threatening or abusive to people;
6. Harassing or threatening a person by any method, including, but not limited to, the telephone, electronic devices, social media, texting, e-mailing, interoffice mail, note, letter, fax or in person;
7. Making a threat with the intent to place another person in reasonable fear for his/her safety;
8. Intentional and unwanted following of another person (known as stalking);
9. Violence that results in property damage, theft and/or sabotage of property of another individual or the Commission;
10. Attempting to restrain an individual which may include imprisonment, restraint and/or hostage taking; and
11. Suggesting that workplace violence is appropriate and/or making statements indicating approval of the use of violence to resolve problems.

E. PROCEDURES:

High – Immediate Threat of Harm or Violence

Commission Employees and/or Representatives should immediately call 9-1-1 for assistance.

Medium – Moderate Risk of Escalation to Harm or Violence

Commission Employees and/or Representatives should contact the Operations Center for assistance. The Operations Center may dispatch the police, fire, ambulance, crisis intervention or other persons or entities that may be needed to respond to the situation.

Low – No immediate Threat

Commission Employees and/or Representatives who become aware of, suspect inappropriate conduct or observe warning signs of unusual behavior including acts by third-parties, should immediately report their concerns to their supervisor or manager. The supervisor or manager should contact the Director of Human Resources to advise them of the concerns.

After receiving the call and dispatching appropriate resources, the Operations Center will use the CERC procedures. The COO will determine the seriousness of the incident and whether the Commission Assessment Team should be activated.

A full investigation may include, but is not limited to, a search of the Employee's or Representative's Commission provided computer or electronic device, office, work area, vehicle or locker. Any Employee or Representative who is determined to have engaged in conduct which has violated this policy will be subject to appropriate discipline and corrective action up to and including termination of his/her

employment, business contract or business assignments. In addition, the Employee or Representative may be subject to criminal prosecution and Commission employee's may also be subject to pension forfeiture.

Supervisors should provide contact information for the Turnpike Employee Assistance Program (TEAP) to Employees who are victims of workplace violence. This information is accessible on the intranet/extranet or by contacting Human Resources (HR).

Reporting Protection from Abuse Orders (PFAs) - While employees are not required to notify HR if they have obtained a Protection from Abuse Order, they are encouraged to inform their supervisor, HR and/or the Compliance Department of such an order.

All Commission Employees and Representatives are responsible for creating and maintaining a safe workplace. Acts of violence, including physical confrontation, abusive language, threatening gestures or remarks, carrying weapons of any kind, making inappropriate references to guns or other weapons or any other actions intended to threaten harm or retaliate against co-workers, supervisors or the public will not be tolerated.

If the investigation of a workplace incident determines that the Employee's or Representative's actions were justified pursuant to 18 Pa. C.S. § 505 (Use of Force for Self-Protection) or § 506 (Use of Force for the Protection of Others) the Employee or Representative will not be subject to discipline under this policy.

The Commission expects that all Commission Employees and Representatives will continue to act responsibly to establish and maintain a safe and secure work environment free from threats and acts of violence and harm.

Questions concerning this policy should be directed to the Director of Human Resources.

This Policy Letter supersedes all previous Policy Letters on this subject.

A. PURPOSE:

The purpose of this policy is to inform Pennsylvania Turnpike Commission (Commission) authorized users of the policies, responsibilities and procedures related to the acceptable use of Commission Technology Resources. Every effort must be made to ensure the confidentiality, integrity, and availability of Commission information assets and to assist the Commission in complying with applicable state and federal laws. All Commission authorized users are required to read this policy and sign the applicable Acceptable Use of Technology Resources Acknowledgment form to verify their understanding of this policy.

B. SCOPE:

This policy applies to all Commission authorized users, including full-time, temporary, supplemental and summer employees ("Employees"), and contractors, and independent consultants ("Contractors and Consultants") (collectively referred to as "Authorized Users"). This policy should be read in conjunction with the Commission's Code of Conduct.

C. GENERAL POLICY:

Acceptable Use of Commission Technology Resources ("Technology Resources") by Authorized Users. This policy is designed to prevent use that may be illegal, unlawful, abusive, or which may have an adverse impact on the Commission or its Technology Resources. In addition, it identifies the permissible and effective uses of Technology Resources.

Abuse or misuse of Technology Resources. The improper use of Technology Resources by Employees may result in disciplinary action, up to and including termination of employment. The improper use of technology resources by Contractors or Consultants may result in disciplinary action that may include termination of engagement, and other formal action under the terms of the applicable contract or debarment under the Commonwealth Contractor Responsibility Program. When warranted, the Commission may pursue or refer matters to other authorities for criminal prosecution against anyone who violates local, state or federal laws through the misuse of Technology Resources.

Violations of this policy are to be referred to the Information Security Office or the Compliance Department. Authorized Users are encouraged to assist in the enforcement of

these standards by promptly reporting any observed violations to the Information Security Office or the Compliance Department (e.g. the Fraud and Abuse Hotline). Violations of this policy may not be investigated independently by individuals or departments.

Ownership of Technology Resources. All Technology Resources are the sole and exclusive property of the Commission. Authorized Users have no property or other rights to any Technology Resource and do not control the access to or the use of Technology Resources.

Appropriate precautions as prescribed by the Information Security Office must be taken when sending Commission confidential or other sensitive information to an external recipient. Individuals shall not make unauthorized copies of confidential, sensitive or privileged information. The Commission provides applications to support business purposes. The standard software, tools and utilities are published on the PTC Intranet in the Information Technology Department Technology Infrastructure Desktop Operations Section. Updates and patches are applied to these standards as appropriate. Unless an extraordinary need exists, no competing software shall replace the established software standard.

Exception Software. Exception software is used primarily by a person or work unit to perform tasks that cannot be accomplished by use of the standard suite of software. The majority of this software will be loaded directly to the employee's hard drive by an IT technician without alteration to the hardware or existing software.

Shareware/Freeware. Shareware software is copyrighted software that is distributed freely through the Internet. It is the policy of the PTC to pay shareware authors the fee they request for use of their products. During an audit, the PTC will search for unauthorized software and eliminate any that is found. The software will be uninstalled electronically if possible without notification or by a qualified IT technician. Either process may result in the employee's computer being re-imaged. The violation will be reported to the employee's supervisor and the Chief Information Officer. If requested, users must surrender in a timely manner software licenses, software disks, CD-ROMs and DVDs and other software and application materials deemed out of compliance with this policy and discontinue its use.

		PA TURNPIKE COMMISSION POLICY <i>This is a statement of official Pennsylvania Turnpike Policy</i>	NUMBER: 8.06 APPROVAL DATE: 09-17-2013 EFFECTIVE DATE: 10-02-2013 REVISED DATE: 06-05-2018
POLICY SUBJECT: Records Management Policy	RESPONSIBLE DEPARTMENT: Information Technology		

A. PURPOSE:

The Records Management Policy is intended to:

Ensure that the PTC complies with legal requirements for records (e.g. litigation, government investigations, and audits);

Ensure that employees maintain only those records that are needed for legal compliance and that support current PTC operations;

Ensure that employees comply with currently established records retention requirements as specified in the Records Retention Schedule.

B. SCOPE:

The Records Management program applies to all Official PTC Records maintained in any form or format (e.g. physical form such as paper, map, book, or test boring samples, or electronic form such as computer internal hard drive, external drive, handheld devices, flash drives, or any other device).

C. GENERAL POLICY:

Keep Official PTC Records for as long as stated in the Records Retention Schedule and in compliance with any other legal requirements (e.g. a Litigation Hold); do not destroy Official PTC Records before the retention period ends or retain them after the retention period has elapsed. Destroy Official PTC Records at the end of the stated retention period unless a Litigation Hold is in place. Upon the issuance of a Litigation Hold or Mandatory Preservation Notice, suspend all record destruction procedures.

Ownership - All PTC business-related documents and records are the sole property of the PTC, and employees have no expectation of a personal or property right to these documents and records, including those created by the employee.

Record Creation and Destruction - All Official PTC Records should be created with a specific purpose to communicate or document PTC business matters. Employees should use discretion and professionalism when creating records to ensure that the records appropriately reflect the business

interests of the PTC. Employees should act as if every PTC business record that they create is discoverable in litigation regardless of the record's storage medium (including electronic records) and regardless of the record's physical location.

Approved Locations - Records shall remain on PTC premises or at PTC-approved locations. Records must never be permanently stored at employees' homes. However, the temporary use of PTC records at home is acceptable when a management approved legitimate business need exists. The PTC has designated locations to store the PTC's inactive records; employees should send only those inactive records as defined by the Records Retention Schedule to these locations.

Security and Access Control - All employees are responsible for maintaining the confidentiality of PTC records and preventing unauthorized disclosure to anyone, including PTC employees who do not have a need to know. Only designated employees may request records from storage. Employee access to records is limited to records owned by the employee's department. Those departments that require access to records owned by another department must contact the appropriate department directly to request such access. Records must not be permanently stored on mobile computing devices. If a business need exists, records may be temporarily stored on a device; however immediately after use, these records must be removed from the device and stored on the PTC network according to the Records Retention Schedule.

D. DEFINITIONS:

Litigation Hold (also known as a Mandatory Preservation Notice) – Suspension of all document destruction procedures where there is pending or imminent litigation, government investigation, subpoena, tax hold, audit, or other consideration.

Official PTC Record – Information, regardless of physical form or characteristics, that documents a transaction or activity of the PTC and that is created, received, or retained pursuant to law or in connection with a transaction, business, or activity of the PTC. The term Official PTC Record includes a document, paper, letter, map, book, tape, photograph, film or sound recording, test boring samples, database record, information stored or maintained electronically, and a data-processed or image-processed document. The term Official PTC Record excludes transitory records (which are records that have little or no documentary or evidential value and that need not be set aside for future use; have short term administrative, legal, or fiscal value and should be disposed of once that use has expired; or are only useful for a short period of time).

Records Class – A grouping by topic of Official PTC Records that have a retention period as listed in the Records Retention Schedule.

Records Retention Schedule – A document that describes the PTC Records Classes and the retention periods for those Records Classes. The retention periods reflect legal requirements, legal considerations (e.g. statute of limitation periods), PTC business needs, and business best practices.

E. PROCEDURES:

The PTC Records Retention Schedule and the PTC Records Management Procedures Manual shall be kept current on the PTC Intranet.

Department head and employee responsibility - Department heads are responsible for ensuring that their respective departments implement and remain compliant at all times with the requirements of this policy. Department heads are also responsible for designating a records coordinator for their respective business units. Employees are responsible for determining if information, maintained in any form or format (physically or electronically), falls under the PTC Records Retention Schedule. Employees are also responsible for determining if information on voice mail, email, instant messaging, or the phone system falls under the PTC Records Retention Schedule. Failure to adhere to Litigation Holds or Mandatory Preservation Notices could result in discipline up to and including termination.

Amendments to the Records Retention Schedule – The PTC Records Retention Schedule shall be amended as necessary to ensure that all Official PTC Records are covered by a Records Class and that all retention periods reflect legal requirements for records and support of PTC operations as applicable. Records coordinators shall present proposed changes to the PTC Records Retention Schedule as follows:

Requests to add new Records Classes to the PTC Records Retention Schedule – upon recommendation by the PTC Records Manager, the Chief Counsel (or the Chief Counsel's designee) has the authority to approve requests to add new Records Classes to the PTC Records Retention Schedule; the retention periods of the new proposed Records Classes shall be based on retention periods for similar existing Records Classes.

Requests to modify existing Records Classes or retention periods in the PTC Records Retention Schedule shall be presented to the Commission for approval.

Convenience copies are copies created for the convenience of business users and thus must not be kept longer than the Official PTC Record.

	PA TURNPIKE COMMISSION POLICY <i>This is a statement of official Pennsylvania Turnpike Policy</i>		NUMBER: 8.07 APPROVAL DATE: 09-18-2007
	POLICY SUBJECT: Mobile Device Policy	RESPONSIBLE DEPARTMENT: Information Technology	EFFECTIVE DATE: 11-20-2014 REVISED DATE: 11-04-2014

A. PURPOSE:

This policy governs the assignment of Commission-owned mobile devices to staff and the use of those devices to access Commission Technology Resources, and also provides guidelines for the use of employee-owned mobile devices, including smartphones and tablets, to access Commission Technology Resources.

B. SCOPE:

This policy applies to all Commission authorized users including full-time, temporary, supplemental, and summer employees (“Employees”), and contractors and independent consultants (“Contractors and Consultants”) who access Commission Technology Resources such as email, documents, and Internet connectivity using Commission Managed Mobile Devices which include Commission-owned mobile devices, employee-owned mobile devices, and contractor/independent consultant-owned mobile devices (collectively “Authorized Users”).

C. GENERAL POLICY:

1. All Managed Mobile Devices:

Any mobile device used to access Commission email or other authorized applications and resources – whether owned by the Commission, employees, or contractor/independent consultants – must have the Commission’s Mobile Device Management (MDM) solution installed on it to enforce security settings and to allow the Commission to manage Commission data including, but not limited to, email, calendar entries, and Commission contacts in case the mobile device is returned, transferred, misplaced, lost, or stolen or in other circumstances as determined in the Commission’s sole discretion.

Authorized Users should recognize that their use of, or access to, data provided by or through Commission Technology Resources may be traced, audited, accessed, reviewed, and/or monitored by the Commission or its authorized agents at any time, with or without notice to the Authorized User.

Authorized Users must accept that, when connecting a managed mobile device to Commission Technology Resources, the Commission’s security policy will be applicable to the device. The security policy implemented may include, but is not limited to, areas such as passcode, passcode timeout, passcode complexity and encryption.

An Authorized User will be allowed to utilize authorized Commission applications and resources provided that the Authorized User agrees to comply with and abide by this and any other Commission policy concerning electronic communications including, but not limited to, Policy 8.1 (Acceptable Use of Commission Technology Resources), and obtains the required management authorizations. The Commission, in its sole discretion, may terminate any and all connections to Commission Technology Resources without notification.

The Commission provides applications to support business purposes. These Commission applications also help to ensure the confidentiality of sensitive data, prevent data loss, and support records management requirements. Authorized Users should use Commission provided business applications (including email) when conducting Commission business. Further, if a user is notified that Technology Resources in his or her possession are subject to a litigation or records hold, s/he must take the steps necessary to comply with the hold requirements.

Authorized Users must take proper care of their managed mobile device(s). For example, these devices must not be left unattended in plain view, even for a short period of time; must not be left in a vehicle overnight; and must not be left unattended for any reason in vulnerable situations (e.g., public areas such as airport lounges, hotels and conference centers).

Lost or stolen managed mobile devices must be reported to the Service Desk or Network Control within 24 hours or when reasonably practical. This notification must take place prior to any cancellation of mobile voice and data services associated with the device.

Authorized Users must take appropriate precautions to prevent others from obtaining access to their Commission Technology Resources and data. Authorized Users must keep confidential, sensitive, or privileged information separate from personal data. Authorized Users shall not share with anyone assigned passwords, PINs or other credentials that provide access to Commission Technology Resources or share Commission data without authorization.

Authorized Users must take all reasonable steps to protect against the installation of malicious applications. This includes, but is not limited to, applying patches and updates provided by the mobile device manufacturer/carrier as they are made available.

Commission-managed mobile devices may not be "rooted" or "jail-broken" to allow the bypass of built-in security controls.

Authorized Users are prohibited from typing, reading or sending any information from their device while driving.

Authorized Users are prohibited from activating their device as a hot spot while at Commission facilities that have wireless capabilities.

Authorized Users must comply with data copyright requirements.

Authorized Users who do not comply with or abide by the policies detailed in this document shall be subject to revocation of the mobile device privileges. Employees may be subject to additional disciplinary action up to and including termination. Contractors and Consultants may be subject to additional actions as specified in their contract, as well as under the Commonwealth's Contractor Responsibility Program.

2. Commission-Owned Mobile Devices

Mobile devices will be assigned to Authorized Users whose work location and/or job responsibilities require that they are available and reachable at all times or the assignment of a mobile device is determined to be operationally necessary by their direct report to the CEO/COO.

These devices are Commission property and intended for Commission business but may be used for limited personal use in accordance with the Acceptable Use of Technology Resources Policy, the Commission's Code of Conduct, and other Commission policies. For voice capable devices, Authorized Users will be enrolled in a shared pool plan in which all Authorized Users will share a pool of minutes for the entire Commission. Authorized Users will also have access to any additional features offered by the mobile carrier's current contract with the Commission. Currently, this includes unlimited data and texting for devices that are capable of supporting data and texting. Plan details and additional capabilities are subject to change without notice.

Authorized Users shall accept and may not change settings on the device that the Commission deems necessary to adequately secure the information on the device. Authorized Users acknowledge that any and all data on the device is subject to Commission review without notice.

If a device is misplaced, lost, or stolen, the Authorized User must notify the Service Desk or Network Control within 24 hours or when reasonably practical. The Commission may, at its own discretion, remotely wipe all data from the device and shall not be held responsible for the loss of any personal data that may have been on the device. Authorized Users are responsible for protecting any personal data on the device.

Authorized Users have no expectation of privacy when using Commission Technology Resources (including but not limited to information contained in text messages, emails, photos, internet access, telephone calls, and call logs contained or reflected on the Commission-owned device), which may be reviewed, copied and monitored by the Commission and/or produced to others by the Commission at any time, with or without notice to the Authorized User.

Phone records may be subject to audit to ensure compliance with all policies and procedures.

Authorized Users shall surrender mobile devices and provide device access codes to the Information Security Office immediately upon request from the Information Security Office for audit, e-discovery, investigative or law enforcement purposes.

Authorized Users may not wipe/erase Commission-owned mobile devices issued to them.

Authorized Users may not share Commission-owned mobile devices with anyone outside the organization, including family, friends or business partners.

Authorized Users may download and use applications from commercial or Commission-owned app stores provided the applications comply with Commission policies. Authorized Users are responsible for all costs not associated with and approved for Commission use including, but not limited to, personal applications and chargeable vendor features.

All costs associated with mobile device cellular service will be charged to the Authorized User's department. Such costs include, but are not limited to, equipment, initiation fee, monthly fees, non-customary charges, maintenance and repair of equipment, and programming and replacement of lost, stolen or damaged equipment.

3. Employee-Owned Mobile Devices

Employees wishing to use their personal device (i.e. BYOD) to access Commission email or other authorized applications will require prior approval from their direct report to the CEO/COO. Initial access will be limited to Commission email. Access to additional resources will require specific management approval. Employees may only use an authorized Commission email client to access their Commission email.

Employees who are granted access to the Commission's applications and resources (including email) must allow the installation of the Commission's MDM software on their device. This product must be installed to allow the Commission to provide security settings and to allow the Commission to manage any Commission data, including but not limited to, email, calendar entries, Commission contacts, and other Commission data, in case the mobile device is returned, transferred, misplaced, lost, stolen or under other circumstances as determined in the Commission's sole discretion.

If a device is misplaced, lost, or stolen, the Employee must notify the Service Desk or Network Control within 24 hours or when reasonably practical. The Commission may, at its discretion, remotely wipe/erase all Commission data on the device. If requested by the Employee, the Commission may, in its sole discretion, also attempt to issue a complete wipe/erase of the device. The Employee may not cancel the mobile cellular service for the device until a remote wipe/erase of Commission data is completed. The Commission shall not be held responsible for any personal data or apps inadvertently deleted while attempting to manage Commission data.

Upon termination of employment, or at any time within the Commission's sole discretion, the Commission may remotely remove all Commission applications and data from the device.

The Commission assumes no responsibility for loss or damage associated with the use of an employee-owned device. Support for employee-owned devices, including backing up personal information and data, is the employee's responsibility.

Employees must maintain a device compatible with the Commission MDM platform. If a device falls out of compliance, it will be blocked from accessing Commission email and other authorized applications.

The Commission will provide mobile device reimbursement for Commissioners, the CEO, COO and their direct reports. Upon recommendation from a direct report to the CEO/COO, and approval by the COO, other Employees may also receive reimbursement. The reimbursement will be a standard amount based on the current costs for a single line consumer plan from the Commission's preferred mobile carrier. No additional reimbursement will be provided for additional devices or actual costs above the provided amount. The reimbursement amount will be reviewed regularly by the Information Technology Department which will recommend adjustments as needed to the CEO. The Information Technology Department will maintain a list of all Employees receiving reimbursements.

4. Contractor/Independent Consultant Owned Mobile Devices

The Commission, in its sole discretion, may make mobile access to Commission Technology Resources available through Contractor and Consultant-owned devices. In these instances, Contractors and Consultants must agree to and comply with all of the requirements identified for Employee-owned devices above.

Contractors and Consultants and the employee responsible for managing the Contractor's and Consultant's engagement must notify the Information Security Office upon the termination of the engagement for which the Contractor and Consultant obtained access to Commission Technology Resources. Upon notification, the Information Technology Department will remotely remove all Commission applications and data from the device. The Commission may, in its sole discretion, also terminate access to Commission Technology Resources at any time.
